

## MISSOURIANS WIN

HAVE LARGEST NUMBER NATIVES PRESENT AT CHRISTIAN S. S.

The good-natured rivalry among the states which is causing so much interest at the Central Christian Bible School, is still continuing. Last Sunday was Missouri Day and the boosters for that state had the largest representation yet, though the total attendance was not as large by 20 as on the previous Sunday. Miniature apple, peach and crabapple trees, with the fruit hanging, old-fashioned flowers and a big "Show Me" sign were the decorations. The song "Missouri," composed by Mrs. Phillips, a native, was sung by Mrs. James Bosling, a native, and there was a very pleasing quartette by four ladies.

The morning sermon was on the subject, "The Lost Art of Meditation." The thought brought out by Rev. Cole was that to do anything well requires careful meditation and this age of hurry and waste is not conducive to solid character building. Children are rushed through school, boys are rushed into gainful occupations and girls into society. To build a Christian character one must take time to think and to weigh actions. Jesus, though he led the busiest life of any man on earth, yet felt it absolutely necessary to take His disciples apart for quiet counsel frequently and to go away alone at times. It is the quiet, plodding thinker who builds the solid character and the worth-while Christian life.

The evening topic was "The Word of God Shall Stand Forever." The sermon was built around the incident in the life of the wicked king of Judah, Jehoiachin, when he cut out the leaves of the book of the law as it was read to him by the prophet Jeremiah and burned them in the brazier. But he did not destroy the law. A new copy was prepared at once by Baruch the scribe and the law itself stands to this day. People in all the ages since Christ's time have tried to suppress the Bible by burning thousands of copies of it and keeping it away from the common people but all to no avail. Even in this present day people cut out of the Bible the commands they do not want to obey and seek to nullify them, but the Word of God does not change and Christ declared that every command of His must be obeyed, not our own convenience consulted, if we would gain eternal life.

## NEW REAL ESTATE FIRM

A. F. Wilson of 126 South Louise street announces in this issue of the Evening News the opening of a real estate business at 114 South Brand boulevard in connection with the Glendale Taxi Service, and solicits listings of all kinds of property. Mr. Wilson has a wide acquaintance in Glendale that will be a big asset to him in his new venture. He has lived here eleven years, was in the building business for a long time and lately has been connected with the Glendale Taxi Service.

## HELP SUPPLY WOUNDED SOLDIERS WITH READING MATTER

Books and late magazines are wanted to give to the wounded and gassed soldier boys now being cared for by the government at Thornycroft. If you can share books of light or serious fiction or history from your library, and of course you can for such a worthy purpose, take them to the Glendale Public Library and they will be promptly taken to Thornycroft by members of the Women's Auxiliary. Take magazines, also, not old ones but current numbers, just as soon as you have read them.

## FOUR WEEKS' TRIP

DR. BURROWS AND FAMILY VISIT YOSEMITE, SEE MUCH OF INTEREST

Dr. C. A. Burrows and family of 228 N. Jackson returned last week from a four weeks' auto trip through the Yosemite. When asked by an Evening News reporter to tell something of his impressions of the Yosemite trip, which so many are taking this year Dr. Burrows obligingly gave the following account of his travels:

"Every year we tour the high Sierra mountains, but the trip this year was in many respects more wonderful than any before. For

## WOMAN'S AUXILIARY

PLAN CARE OF INVALID SOLDIER BOYS NOW AT THORNYCROFT

At the regular meeting of the Women's Auxiliary last evening the very neat membership pins were distributed to those who had ordered them and that meant every member present. The matter of supreme importance considered was that of helping to brighten the lives of the boys sent to Thornycroft by the government for care and treatment. More will be sent later. All these have been gassed and some of them, possibly all, will never regain their former life and vigor. They need to be entertained with cheerful visits and supplied with reading matter. The members of the American Legion and Women's Auxiliary have gladly taken up the task of caring for these heroes who gave of their best manhood to save the world from the domination of the Hun. The young people of these two patriotic orders solicit the aid of citizens in general in looking after the social and literary needs of these suffering heroes. Books of wholesome fiction, late magazines, both fiction and scientific, and anything else in the line of literature that will be entertaining and instructive; all such can be left at the Glendale Public Library and will be taken to Thornycroft by the ladies of the Auxiliary.

## OCCIDENTAL COLLEGE SUMMER CONFERENCE

The Summer Conference is being held this week at Occidental College commencing August 5th and closing on the 11th. A number of young people from Glendale will attend, several going from the Glendale Presbyterian Intermediate and Senior Christian Endeavor Societies as delegates for the entire time. This is only one of twenty similar conferences being held in different parts of the United States for Presbyterian Young People, and the conference consists of classes, addresses and devotional meetings enriching the spiritual lives of those who attend and training them for leadership in the church, and at the same time provides a vacation, the afternoons being given over to hikes, picnics, etc. Some of the best speakers to be obtained will give the addresses, among them Rev. Lapsley, A. McAfee, D. D., of Berkeley, Cal.; Rev. Wm. Ralph Hall, Supt. of Young People's Work of the Presbyterian Church in United States; Miss Roberts C. Barr, Field Representative of Board of Missions for Freedmen, Pittsburg, Pa.; Miss Isabel Crawford, Field Secretary Woman's Board of Home Missions, New York City, and many others. Among the delegates who are spending the entire week at the Conference are the Misses Elizabeth Edmonds, Ella Dockter, Martha Eilers and Mary McDill. Besides, many will go over for a part of the time returning to Glendale after the evening sessions.

## REPATRIATION WORK

MRS. H. P. BARTLETT TELLS OF RED CROSS ACTIVITIES FOR RUSSIAN CHILDREN

Mrs. H. E. Bartlett, chairman of the Glendale Red Cross Chapter, gives the following interesting report from the civic division:

A colony of 800 children of Russian birth bound for Petrograd by the way of the Panama Canal will arrive in California this week. May or Riley H. Allen, of Honolulu, will be in charge. The children are returning to their parents after a separation of more than two years. The repatriation is being made by the American Red Cross which has cared for the children for the last fifteen months. They were first cared for in the camp in the interior of Siberia and later homes were provided on Russian Island in the harbor of Vladivostok.

## BUYS HOME

Randolph Bainbridge, who came here recently with his family from Boston, Mass., to take a year's rest, has just purchased, through the Lee and Hannah Thomas agency, the Ed Lynch home at 807 South Maryland avenue. Mr. Bainbridge leased his fine Boston home for a year but he may conclude to stay permanently in Glendale and engage in building houses.

## WILL RECOGNIZE SOVIET RUSSIA

WHEN PRESENT GOVERNMENT ASSUMES OBLIGATIONS OF FORMER GOVERNMENT, SAYS MILLERAND

(Copyrighted by United Press)

PARIS, August 3.—France stands ready to recognize the Soviet government of Russia the moment she assumes the obligations of the former Russian government, Premier Millerand stated to the United Press today. This was the first interview granted by the premier since the Boulogne conference.

He outlined the complete conditions under which France would recognize the Soviet government as follows:

The payment of all debts; the acceptance of the peace treaty and the observance of all obligations with the former allies of the Russian Imperial government.

Millerand declared, "We naturally expect Moscow to present evidences of her sincerity in her intentions to carry out her obligations."

Hope that the United States might take part in the conference was expressed by the premier. He declared that he did not know what America's policy was in regard to Russia when asked if the policies of France and the United States were the same.

## POLES REFUSE TO NEGOTIATE

EMISSARIES RETURN TO WARSAW WHEN BOLSHEVIKI TRY TO TALK PEACE TERMS

(Special Service to Glendale Evening News)

PARIS, August 3.—Armistice negotiations between the Poles and the Bolsheviks have been broken off, the Polish emissaries returning to Warsaw after the Bolsheviks demanded that peace negotiations rather than armistice negotiations should be begun. It is expected that negotiations will be resumed tomorrow, the French foreign office believes.

The first and fourth armies defending Warsaw were disastrously defeated and are in full retreat 48 miles from the Polish capital, according to word received here.

## CANTU AND FEDERAL OFFICERS CONFER

NEGOTIATIONS BETWEEN GOVERNOR'S REPRESENTATIVES AND DE LA HUERTA EMISSARIES CONTINUE

(Special Service to Glendale Evening News)

CALEXICO, August 3.—Further negotiations between Cantu officials and Mexican government emissaries are being continued at Mexicali today. Both sides are awaiting reply to the report sent from here to Mexico City last night by federal commissioners.

## "REVELRY OF HIGH PRICES AND WAGES"

MAY BE PRECIPITATED BY FREIGHT RATE INCREASE, SAYS TRANSPORTATION EXPERT

(Special Service to Glendale Evening News)

CHICAGO, August 3.—The freight rate increase may "precipitate a revelry of high prices and high wages" according to Clifford Thorne, prominent attorney and transportation expert.

Thorne commended the Interstate Commerce Commission for wiping out fictitious capital in tentatively fixing railway values. He criticized the rate adjustments made by the commission.

The far-reaching results of the rate increase will be to stop the downward trend of prices, Thorne said. The rise in prices should not include grain or livestock since these are commodities governed by world conditions.

## FIFTEEN I. W. W. MEMBERS CONVICTED

(Special Service to Glendale Evening News)

CHICAGO, August 3.—State's Attorney Hoyne today expressed confidence that a verdict against Big Bill Haywood and 36 other I. W. W.'s would be returned as a result of the conviction of William Bross Lloyd and fourteen other members of the Communist Labor Party charged with conspiracy to overthrow the federal government.

Lloyd and his fellow defendants were convicted late yesterday and were released on \$10,000 bonds each pending a hearing for a new trial.

## CHAPLIN DIVORCE SUIT

(Special Service to Glendale Evening News)

LOS ANGELES, August 3.—Attorney Arthur Wright refused this morning to state whether or not Charles Chaplin would fight his wife's divorce action. Chaplin could not be reached. The divorce action alleges extreme cruelty and bodily injury and seeks an "equitable division" of their community property.

## BOLSHEVIKI AT BREST-LITOVSK

LONDON, August 3.—The Bolshevik armies are storming Brest-Litovsk according to the official Farsaw communique issued today. The Polish war office announced that the Polish armies are counter-attacking vigorously northwest of Brest-Litovsk.

## A. L. LAWSHE ILL

TRANSFUSION OF BLOOD RESORTED TO IN ENDEAVOR TO PROLONG HIS LIFE

A. L. Lawshe, for several years a resident of Glendale, but now living in Arcadia, whence he moved last fall on a ranch and built a fine home, is in the Good Samaritan hospital, very dangerously ill of anemia which came upon him as a result of years of suffering from tubercular, bowel and kidney trouble. Transfusion of blood was resorted to yesterday afternoon, the life fluid in his own arteries being deficient in red corpuscles, so several ounces were pumped from his son's arteries into his. The result so far is quite satisfactory. W. B. Kirk reports, he having been in to see Mr. Lawshe last night. The patient cannot hope to regain his former strength, but must be content to live an absolutely idle life, but he may be spared several years. Mr. Lawshe has been much in public life, having served as Third Assistant Postmaster General, Auditor of the Philippines and Indian agent. He will welcome visits from his many Glendale friends.

## PURRIER IMPROVES

TALKS TO SHERIFF AND GIVES CLUE TO THE CRIMINALS

Judge Harry M. Miller went to Burbank last evening to see H. E. Purrier and though he was not allowed to talk with him, Purrier called out a greeting through the door and his voice was quite strong. It is thought his recovery is no longer doubtful if no complications set in.

Sheriff Cline was out to see him yesterday afternoon and had quite a long talk with him, Purrier describing the arrest and shooting very particularly and gave a very close description of the bandits. As a result of this consultation the sheriff thinks he has a strong clue which will result in the arrest of the criminals before the end of the week.

## DEATH OF MRS. A. A. BURBANK

Mrs. A. A. Burbank died at 12:40 a. m. Monday, August 2nd, at the home of her daughter, Mrs. E. A. Gile, 1231 South Maryland avenue, in her 80th year. She had been sick only a few days. Funeral services will be held tomorrow at 2 p. m. in the Little Church of the Flowers, Rev. O. P. Rider officiating. Interment will be in Forest Lawn. Deceased had lived nine years in Glendale. She was a very devoted member of the Ladies' Aid of the Tropic Presbyterian Church and was one of the best sewers in the organization. She leaves one daughter, Mrs. Gile, and one brother, Joseph Andrews, 88 years old, who left Glendale just a few days ago bound for Pittsburg, Pa., to live with a son.

## RECORDER'S COURT

REPORT OF CASES DISPOSED OF BY JUDGE F. H. LOWE IN JULY

There were 229 violations of city ordinances noted on Judge F. H. Lowe's records during the month of July. Those arrested for turning their autos around between street intersections were simply admonished and released without a fine, but were given to understand that a second appearance on the same charge would certainly be punished with a fine. The complete list is as follows:	
For parking in forbidden sections	17
Open mufflers	45
Cutting corners	18
Exceeding speed limit	27
Reckless driving	21
Improper lenses	1
Riding on sidewalk	1
Peddling without license	1
Disturbing peace	1
Burglary	1
Petit larceny	1
Battery	1
Turning autos between crossings	114
	229

A break in the connecting line of the city reservoirs this morning sent a flood of water down Glendale avenue, Broadway and other streets, but not enough to do any damage. The break was soon repaired and the flow shut off, much to the disappointment of many children who had been enjoying a good wade.

## HONOR BRIDE-TO-BE

PINK, WHITE AND GOLD FUSION FOR LENA MAE BRICE

A very pretty and much enjoyed affair was an announcement party given by Mr. and Mrs. Chas. P. Brice at their home, 304 North Kenwood street, Friday evening, in honor of their daughter, Lena Mae, who is soon to become the bride of one of Glendale's promising young business men, Clark Thompson Christy. The color scheme was carried out in gold, pink and white. The rooms were beautifully and artistically decorated in pink and white carnations, with kewpie dolls dressed in pink, cunningly peeking from every nook and corner. Pink and white hearts and gold arrows were used in the entertaining in a very novel way through the entire evening, which was an original idea of the hostess.

A contest which caused much merriment was carried out by giving out hearts of cardboard and pencils to the guests. On one side of the hearts were these lines:

"Sometimes it's in the moonlight,  
Amid the fragrant flowers  
As we hold hands tight  
Cupid lurking in the bowers,  
Without a word or start,  
Sends an arrow into our hearts,  
Dear friend, a prescription please tell,  
That will heal the wound well,  
But leave the fragrance there,  
That will all through life wear."

The guests were asked to write the prescriptions required on the other side of the heart. Mr. and Mrs. S. W. Christy and Chas. P. Brice acted as judges. Miss Margie (Continued on Page 4)

## ALL-DAY SESSION

A parlor-picnic or all-day session of the W. C. T. U. was held at the home of Mrs. F. A. Weien, Grandview avenue, Eagle Rock, Friday. It was an informal gathering at which all enjoyed a good, social time, the rooms being well filled with guests. The warmth of the day did not hinder the giving of several lively speeches on the topic for the day—legislation. Dr. Jessie A. Russell, as chief speaker, ably discussed the matter of state and national candidates, while others contributed to the subject in a sort of symposium. A delicious luncheon was served cafeteria style and a most delightful time was had by all.

## KIRKPATRICK—HALE

Miss Bessie Hale of Glendale and Joseph L. Kirkpatrick of Los Angeles were united in marriage this morning at 11:30 at the Presbyterian manse, Rev. W. E. Edmonds performing the ring ceremony in the presence of Mrs. M. P. Harrison and Mrs. Mitchell who were called from the church to act as witnesses. The bride has been a valued employee of the First National Bank of Glendale for a considerable time.

## FOLLOWING JESUS

ELDER PROUT DISCOURSES ON THIS SUBJECT IN S. D. A. CHURCH

Taking as his text "and when they had brought their ships to land, they forsook all and followed Him" (Luke 5:11), C. S. Prout, at the Seventh-day Adventist Church, Saturday delivered a practical discourse on what it means to follow Jesus.

"When a contractor undertakes to carry out a certain plan for a building, the first thing he does is to figure the cost. The reason so many people fail to follow Jesus' plan for the building of a beautiful character is because they do not count the cost, and later content themselves with a cheaper plan. When Jesus came to earth to save man He forsook everything and paid the price for our salvation. If we follow Him, we must forsake everything of a selfish nature."

"There are many examples in the Bible of those who forsook everything for Jesus and it is the lives of these men that have swayed the destiny of many, while the history of selfish men is forgotten. Moses forsook the pleasures, wealth, honor and position he occupied in the Egyptian court to lead a despised people into an unknown land. He followed the Lord's plan for Him and though during His life time His Egyptian friends likely considered his course foolish and irrational, no one would say that today. ## CONSERVATION OF RESOURCES

Reports show that Michigan has wasted four times as much timber as she has manufactured into lumber, and the same indictment could most likely be returned against many other states in the union that have had rich timber resources in the past.

Steps to preserve are usually not taken until the waste has been accomplished. Not only with timber resources does this hold good, but with most other products which nature freely gives. The game laws of most states are far too lax, and in many communities they are not enforced.

Civilized man differs from the savage in that he takes thought of posterity and its welfare. The savage thinks only of himself and his immediate needs. Surely no greater boon can be handed down to future generations than the preservation of our natural resources and the privilege of seeing nature's children in their native haunts.

## TROPICO PRESBYTERIAN CHURCH

The commencement exercises of the Daily Vacation Bible School of the Tropico Presbyterian Church were held Sunday evening. The program consisted entirely of hymns, recitations of Scripture, Bible story telling, and map work on Palestine. Miss Caney, the Superintendent, explained that the short time of one month did not permit any preparation for a program, and the exercises given were merely a sample of the work done every day. The congregation was greatly pleased to hear the boys and girls recite with promptness and accuracy, many Scripture passages, and sing several hymns without books. One number of special interest was the presentation by the junior boys of a very fine relief map of Palestine, which they had made. Following the presentation of this map the primary pupils came forward. As the head of that department called the name of some lake, river, or city they located it by driving in a little flag. It was gratifying to see the rapidity and accuracy with which this was done. The Junior Department then sang a geographical song. One of its members, at the same time, drew a map of the Holy Land on the board, locating the points when sung.

This is the second year this church has conducted a Daily Vacation Bible School. It is interesting in comparing the work to notice that although the enrollment is not quite so large, the percentage of attendance is higher; that those most interested last year were the best workers this year; that while all their teachers were from the city last year, this year all except the Superintendent were from the local church.

This year, as last, both parents and children were heard wishing the school might go on for another month. At the close of the exercises the pastor, Rev. O. P. Rider, moved a rising vote of thanks to the Board of Church Extension, for its financial assistance to the committee who arranged for the school, and the teachers, Miss Caney of Los Angeles, and Misses Reba and Helena Richardson, and Mrs. Wilcox, who had given their best time and their strength to this labor of love with such enthusiasm and efficiency.

The class work was displayed in the Sunday School room and was a marvelous display considering the short time given to it. A large number of fine scrap books were left to be sent to the Children's Hospital. Diplomas were given to all who had attended regularly and done good work. Twenty ribbon badges

## URGE HEAVY LOADS

RAILWAYS TRYING TO GET MAXIMUM SERVICE OUT OF CARS

The S. P. Railway Company is aiding in the heavier car loading campaign which is being pushed all over the Pacific coast country by the Good Railway Service Association of California and as an incentive to its agents to use every effort in this direction is offering cash prizes of \$50 and \$25 to agents showing the heaviest loading of cars with 17 different commodities. An additional prize goes to the agent who makes the greatest improvement over his record for the corresponding period of 1918. Five credits will be allowed each station for each ton per car increase over the system average for corresponding period of 1918 and two credits for each per cent of increase load to capacity and lesser increases in proportion. Award will be made to agent at station earning the highest number of credits for each commodity considered.

General Manager J. H. Dyer in sending out the rules governing the contest, calls attention to the necessity of obtaining for the public the maximum efficiency from existing railroad facilities. "The Southern Pacific desires to do all in its power to render efficient service at a time when the number of cars is below the demand of the Pacific coast shippers. We are now actually rendering more transportation service than we did for the same period of last year. The average car load for June, 1920, was twenty-four tons as compared with 22.4 tons for the same month of 1919 and we handled a much larger gross tonnage per mile, but with the increased business that is being offered we must still do better and we rely upon the intelligent support of the shipping public."

were given for perfect attendance, and five badges were given for special work.

The enrollment was 105, the average attendance 70, the cost about \$160.00, which was paid in part by collection.

## BIBLE BAPTISM

EVANGELIST DISCOURSES ON THIS SUBJECT SUNDAY NIGHT

The subject of Bible Baptism was presented at the Gospel Tent Sunday evening.

"In the matter of religion and salvation," said Evangelist C. S. Prout, in opening his address, "we must take a decided stand upon a decided platform. The gospel commission from Christ was positive and left no room for question as to whether baptism is necessary to salvation. The apostles received the charge on behalf of Christ's church: 'Go ye into all the world and preach the gospel to every creature. He that believeth and is baptized shall be saved, but he that believeth not shall be damned.' These were Christ's words. The word baptize is the English form of the Greek word 'baptizo,' the literal meaning of which is 'to dip, or immerse.'"

"In replying to John, Jesus affirmed that baptism was necessary to 'fulfill all righteousness.' He submitted Himself to the ordinance. Matt. 3:15. In harmony with the example of Christ and the divine command to immerse all believers in water, the apostle Peter on the day of Pentecost, when the multitudes asked, 'Men and brethren what shall we do?' commanded them to 'Repent, and be baptized, every one of you.' Acts 2:38. There was no exception. 'Then they that gladly received his word were baptized.' Here is a doorway into the Church of Jesus Christ, the threshold of which one passes over when forsaking the world and its ways to unite with the church of the living God.

"But," said the evangelist, "accompanying the rite of baptism by water there must be the baptism of the Holy Spirit. 'For by one Spirit are we all baptized into one body.' 1 Cor. 12:13. 'Except a man be born of water and the spirit, he cannot enter the kingdom of God.' The baptism in water without the spirit is mere formalism and has no virtue in it.

The mode of baptism is clearly set (Continued on Page 4)

## WHAT TO TALK ABOUT

A wise old philosopher once gave this rule for conversation: "Talk about things, not people." It is a good rule. If all of us followed it the world, and all who dwell in it, would be better. Often it is necessary, or apparently inevitable, to talk about people. But such talk should be brief and guarded. The danger in talking about people is that we become careless if not vicious. The tendency is to remark upon the faults and foibles of our friends and acquaintances. We dwell upon their shortcomings, rather than upon their good qualities. This is often done unconsciously, but it is a dangerous habit.

The danger is not only in harm to those we talk about but to ourselves. In criticizing others we lose sight of our own faults and we invite criticism of ourselves. The habit of continually talking about people indicates a poverty of intellect for which there can be no excuse. Read books and newspapers; study nature, animals, astronomy, and one or all of a dozen things. In short, become interested in things, rather than people, so that you will have things and not mere people to talk about.

Nothing is surer than death and taxation—except tag days.

## FOUR WEEKS' TRIP

(Continued from Page 1)

some time we had been preparing the equipment and supplies previous experience had taught us we would need, so when we left Glendale June 29, our automobile was quite heavily loaded.

"The first point of interest was Red Rock Canyon, about 125 miles north of here, the formation and coloring of which are very much like that of the Grand Canyon. While not so large, some of the formations are more wonderful. The cliffs look as if they had been chiseled out by some sculptor, forming great castles with many pillars and towering spires. The Canyon is well worth a trip to see.

"The next point of interest to me was the large soda plant on Owens Lake. Government officials estimated that there were over \$2,000,000 worth of chemicals in this lake at war prices, and it is now being made to give them up by the genius of man. Being acquainted with the owner of the mill, I was taken through and the process explained to me. The lake water is pumped into massive tanks about 50 feet in height and carbon dioxide gas pumped in at the bottom, which in passing through the water unites with the sodium carbonate forming the bicarbonate, which crystallizes; the water is then passed to a large vat in which a cylinder about four feet in diameter revolves. This cylinder is perforated with thousands of very fine holes, so small that the crystals of soda cannot be drawn through. The water containing the soda is sucked into the drum and the soda sticks to the side of the drum, resembling snow about two inches thick. This is shaved off the drum on to an endless belt which carries it to the dryer, over 99 per cent pure. Many tons of this soda are extracted daily. There are several by-products in the extraction of this soda which will soon be utilized.

"From Owens Lake a splendid view of Mt. Whitney is obtained. It is difficult to distinguish Mt. Whitney from the other points unless it is pointed out, as the entire range for miles stands up like a massive wall more than 14,000 feet high.

"At Bishop we left the valley and started climbing the mountain, the roads being very good. We reached the foot of Mt. Mammoth and there made our camp, at an elevation of 8900 feet. We stayed here two weeks, resting, hiking and fishing, and had the pleasure of meeting our Glendale neighbor, Mr. Malarky. There are many points of great scenic beauty to be visited from here—beautiful mountain lakes and streams filled with the finest of fish; and mountain peaks covered with perpetual snow.

"We were able to drive up to the divide through great snow banks, to an altitude of 11,500 feet. Here we got a wonderful panoramic view of the beginning of the San Joaquin river, and its canyon for miles. Several beautiful waterfalls can be seen from this point also the grand peaks of the Minarets and Mt. Dana, towering up on the opposite side of the canyon.

"On our way up to this point we visited a great earthquake crack where many years ago the earth in one of its convulsions cracked open to a width of from 5 to 20 feet, and a depth of as great as 175 feet. The length of this crack must be more than half a mile.

"From Mammoth we went on to Mono Lake and over the Tioga Pass into Yosemite. I shall never forget the grandeur of the scenery as viewed from this road, which winds around precipitous mountain cliffs thousands of feet above the canyon. Nevertheless it is a very good road and quite safe. It is from this road that the indescribable rocky, snow-covered cliffs, the waterfalls, and the foaming stream winding its way half a mile below, bursts upon the view, overwhelming one with its grandeur. From the beginning of the Tioga grade until Yosemite is reached new wonders are seen on every hand. We passed ragged, rocky cliffs, then through the beautiful Tuolumne meadow to pine-covered mountains and canyons and along wonderful mountain streams. As we did so, I marveled why more do not avail themselves of the splendid opportunity afforded by good roads and the automobile to see the wonders of nature and breathe in the pure, pin-scented air which is the best tonic.

"As I stood on the edge of the great perpendicular cliffs looking down into the floor of the valley, trees looked like grass, the river a long winding green ribbon, automobiles smaller than flies and horses about the size of an ordinary flea. From Taft's Point, at an elevation of 4000 feet, a man could not be discerned.

"This is my third trip to the valley, but I always have a desire to go again. When the time came to start home, all, including the babies, were loath to leave. We came out of the mountains over the Coulterville road which was very good, not being cut up by travel as other roads were reported to be.

The expense of this trip, lasting four weeks and traveling 1110 miles, for a family of five, will probably be of interest. We carried our own hotel and most of our provisions, and spent just \$90."

ret Lusby read the prescriptions aloud. The judges found it quite a task to make a decision as the prescriptions were all good. Miss Zelma Lindley was awarded the prize, which was a large kewpie doll dressed as a bride. Mrs. Strother won the booby prize, which was a tiny kewpie doll dressed as a bride.

Dainty little Janie Dodd, niece of the groom-to-be, was dressed in pink satin in the style of a kewpie doll, with a gold bow and arrow tied with white satin ribbon. Around her neck were tiny pink and white hearts strung on baby ribbon, from which hung large heart-shaped arrows. Tied to each was a smaller arrow pierced through two white gilt-edged hearts. On one heart was written Lena Mae, on the other Clark T. Christy. On the point of the arrow was September 1, 1920, which is the date set for their wedding. Little Janie, looking the image of a fairy of love, distributed these arrows among the guests. The refreshments were pink cream frozen in heart shape, pierced through with gold arrows, with white heart-shaped cakes.

The guests who had the pleasure of being present on this happy occasion were: Mr. and Mrs. S. W. Christy, Mr. and Mrs. D. D. Dodd, Mrs. M. Scofield, Mr. and Mrs. Wesley Holmes, Mr. and Mrs. S. W. Christy, Jr., Mrs. Lillian Fuller, Mr. and Mrs. Mack Strother, Misses Margaret Lusby, Waunita Emery, Louise Mayers, Zelma Lindley, Eva Culver, Marion Addison, Alice Holmes, Helen Reynolds, Olive Bell Emery, Josephine Emery, Lena Mae Brice, Eleanor Brice, and Janie Dodd; Messrs. Howard McGillis, Kenneth Crist, Hill McGillis, Edgar Boss, W. E. Richardson, Paul Richardson, Jim P. Mackie, Clayton Holmes, Clark Christy and Elmo Brice; also the host and hostess.

## FOLLOW JESUS

and example will influence men for good to the end of time. It is said that the mummy of the Egyptian who took the place in the court that Moses gave up, can be seen today in the museum. But there is no record of a beautiful, unselfish life spent for others, to inspire later generations. Does it pay to forsake all for Jesus?

"The disciples left their means of livelihood to follow Jesus, who had no earthly wealth nor position. When troubles gathered thick and fast even to the death of their leader they were likely tempted to wonder if they had made a mistake. Ask those who, down through the ages, have been inspired by their example to forsake all for Jesus, whether it paid.

"A Christian cannot follow Christ and carry out worldly, selfish principles in his life. Christ was unselfish, leaving His own riches that He might help us.

"In Romans 12:2 Paul admonishes us, 'Be not conformed to this world, but be ye transformed by the renewing of your minds.' There are many ways whereby we may be conformed to this world: in business, by our language, the pleasures of the world, and the fashions. Under the first topic, commercialism, or selfishness, should not dominate the dealings of those who are in business. To be able to drive a sharp bargain and defraud some one is not the proud boast, of a true follower of Jesus. The pleasures of this world will not appeal to, nor occupy the thoughts and time of a true follower of Jesus, who is soon to reappear. The language or words of a follower of Christ will set him apart from a worldling. One who thinks the thoughts of Christ after Him will need no badge to identify him as a Christian. Of Christ it was said: 'Never man spake like this man!' The dress of a Christian should be modest, neat and clean, but unnecessary ornamentation and expensive materials are not advocated by 1 Peter 3:5."

## ROUNDING UP VULTURES

As much as by anything all individuals the world over are moved by a desire to lay something by for a rainy day, more particularly for old age. Irrespective of creed or color or sex, through all walks and stations of life, all men and women, except the constitutionally shiftless and indolent, look forward to the day when by virtue of thrift and hard work they may have laid away a surplus on which to live at reasonable ease in their declining years. This hope, even though we know that in some cases it is not to be realized, is one of the most inspiring things in human endeavor.

It is because this trait in human nature is so general and so much to be desired that to all citizens it will come as encouraging news to learn of the indictments of four oil companies, 10 brokerage houses and 51 individuals, in the United States district court presided over by Judge Hand, of New York. These indictments are the result of evidence collected by inspectors of the postoffice department during the last six months against dishonest brokers and individuals who promised large dividends and quick profits on oil stocks.

Varied and appetizing is the literature sent out by these concerns. Every new and old device is made use of to lure the speculator on. One oil company president had himself photographed near the "gusher" of a legitimate oil company, and this picture proved attractive bait. Nor are the evil effects of this get-rich-quick business confined only to the countless victims whose savings are sunk in such ventures. The honest broker who deals fairly with his client, and in a measure all business is injured by these swindlers who create distrust and suspicion. The interest of the public demands that exemplary punishment should be inflicted on the perpetrators of these frauds.

forth in the example of Philip, who baptized the Ethiopian eunuch. "They went down into the water, both Philip and the eunuch, and He immersed him, and when they were come up out of the water," etc. Acts 8:36-38. . . . The Holy Spirit was present also to witness to this genuine expression of faith and obedience, confirming the step taken. "This rite when administered after the Bible example is a fit and appropriate way of expressing one's faith in the death, burial and resurrection of Jesus Christ. Therefore we are buried with Him by baptism into death, that like as Christ was raised up from the dead . . . even so we also should walk in newness of life." Rom. 6:4.
